Statement by management on the annual report

Today, management has discussed and approved the annual report of Nordic Capital Markets Forum for the financial year 2025.

In our opinion, the financial statements give a true and fair view of the forum's financial position at 31 December 2025 and of the results of its operations for the financial year 2025.

We recommend the adoption of the annual report at the annual general meeting on 26 May 2026.

Independent auditor’s report

To Nordic Capital Markets Forum

Opinion
We have audited the financial statements of Nordic Capital Market Forum for the financial year 1 January - 31 December 2025, which comprise a summary of significant accounting policies, income statement, balance sheet and notes. The financial statements are prepared under the Articles of Association.

In our opinion, the financial statements for the financial year 1 January - 31 December 2025 have in all material respects been prepared in accordance with the requirements of the society’s articles of association and with generally accepted accounting principles, as specified in the section on accounting policies.

Basis for Opinion
We conducted our audit in accordance with International Standards on Auditing (ISAs) and the additional requirements applicable in Denmark. Our responsibilities under those standards and requirements are further described in the “Auditor's responsibilities for the audit of the financial statements” section of our report. We are independent of the forum in accordance with the International Ethics Standards Board for Accountants' Code of Ethics for Professional Accountants (IESBA Code) and the additional requirements applicable in Denmark, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Emphasis of matter concerning the accounting policies used and concerning limitations in distribution
Without qualifying our opinion, we draw your attention to the information in the introduction to this report, which states that the financial statements have been prepared in accordance with the requirements of the society’s articles of association and with generally accepted accounting principles, as specified in the section on accounting policies. Consequently, the project accounts may be inappropriate for other purposes.

Management's responsibilities for the financial statements
Management is responsible for the preparation of financial statements in accordance with the Articles of Association, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the forum's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting in preparing the financial statements unless management either intends to liquidate the forum or to cease operations, or has no realistic alternative but to do so.

Auditor's responsibilities for the audit of the financial statements
Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs and the additional requirements applicable in Denmark will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements

As part of an audit conducted in accordance with ISAs and the additional requirements applicable in Denmark, we exercise professional judgment and maintain professional scepticism throughout the audit. We also:

Docusign Envelope ID: 10FA4E31-2A0E-8062-8174-B6A66BC2CA4E

• Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

• Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the company's internal control.

• Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.

• Conclude on the appropriateness of management's use of the going concern basis of accounting in preparing the financial statements and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the forum's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the forum to cease to continue as a going concern.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

1. Audit of the annual accounts for 2025

In our capacity as auditors appointed by the general meeting, we have performed the statutory audit of the annual accounts of Nordic Capital Markets Forum for 2025. In this connection we have also read the management's review.

The annual accounts for 2025 show the following net result, assets and equity:

All amounts in SEK.	2025	2024
Results for the year	-60.404	23.808
Assets in total	565.439	636.617
Equity	400.214	460.617

2. Conclusion from the performed audit and auditor's report

The audit performed has not prompted any modifications to the auditor's opinion, emphasis of matter, or other information contained ind the auditor's report.

Opinion

We have audited the financial statements of Nordic Capital Markets Forum for the financial year 1 January to 31 December 2025, which comprise profit and loss account, balance sheet, statement of changes in equity, notes and accounting policies. The financial statements are prepared in accordance with the Danish Financial Statements Act.

In our opinion, the financial statements give a true and fair view of the foundation's assets, liabilities and financial position at 31 December 2025 and of the results of the foundation's operations for the financial year 1 January to 31 December 2025 in accordance with the Danish Financial Statements Act.

Basis for opinion

We conducted our audit in accordance with international standards on auditing and the additional requirements applicable in Denmark. Our responsibilities under those standards and requirements are further described in the below section “Auditor’s responsibilities for the audit of the financial statements”. We are independent of the foundation in accordance with international ethics standards for accountants (IESBA's Code of Ethics) and the additional requirements applicable in Denmark, and we have fulfilled our other ethical responsibilities in accordance with these standards and requirements. We believe that the audit evidence obtained is sufficient and appropriate to provide a basis for our opinion.

The management's responsibilities for the financial statements

Management is responsible for the preparation of annual accounts that give a true and fair view in accordance with the Danish Financial Statements Act. Management is also responsible for such internal control as the management determines is necessary to enable the preparation of annual accounts that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for evaluating the foundation's ability to continue as a going concern, and, when relevant, disclosing matters related to going concern and using the going concern basis of accounting when preparing the financial statements, unless management either intends to liquidate the foundation or to cease operations, or if it has no realistic alternative but to do so.

Docusign Envelope ID: 10FA4E31-2A0E-8062-8174-B6A66BC2CA4E

Auditor's responsibilities for the audit of the financial statements
Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report including an opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with international standards on auditing and the additional requirements applicable in Denmark will always detect a material misstatement when it exists. Misstatements may arise due to fraud or error and may be considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions made by users on the basis of the financial statements.

As part of an audit conducted in accordance with international standards on auditing and the additional requirements applicable in Denmark, we exercise professional evaluations and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement in the financial statements, whether due to fraud or error, design and perform audit procedures in response to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than the risk of not detecting a misstatement resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

- Obtain an understanding of the internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the foundation's internal control.

- Evaluate the appropriateness of accounting policies used by management and the reasonableness of accounting estimates and related disclosures made by management.

- Conclude on the appropriateness of management's preparation of the financial statements being based on the going concern principle and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may raise significant doubt about the foundation's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the foundation to cease to continue as a going concern.

- Evaluate the overall presentation, structure and contents of the financial statements, including the disclosures in the notes, and whether the financial statements reflect the underlying transactions and events in a manner that gives a true and fair view.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in the internal control that we identify during our audit.

Statement on the management commentary
Management is responsible for the management commentary.

Our opinion on the financial statements does not cover the management's review, and we do not express any kind of assurance opinion on the management's review.

Docusign Envelope ID: 10FA4E31-2A0E-8062-8174-B6A66BC2CA4E

In connection with our audit of the financial statements, our responsibility is to read the management's review and in that connection consider whether the management's review is materially inconsistent with the financial statements or our knowledge obtained during the audit, or whether it otherwise appears to contain material misstatement.

Furthermore, it is our responsibility to consider whether the management commentary provides the information required under the Danish Financial Statements Act.

Based on the work we have performed, we believe that the management commentary is in accordance with the financial statements and that it has been prepared in accordance with the requirements of the Danish Financial Statements Act. We did not find any material misstatement in the management commentary.

If the management approves the annual report in its present form, we will provide the financial statement with an unqualified auditor's report as to the auditor's opinion, emphasis of matter, or other information, and issue a statement on the management commentary without any remarks.

3. Purpose of the audit

In engagement letter of 5 May 2020 we have described the purpose of the audit. In this connection we have also described the division of responsibilities between the management of the company and ourselves. We have performed the audit of the annual accounts for 2025 accordingly.

4. Planning and performance of the audit

Our audit of the financial statements has been planned and performed in accordance with international auditing standards and additional requirements applicable in accordance with Danish audit legislation. The audit is performed to obtain reasonable assurance that the financial statements are free from material misstatements, and has primarily comprised significant accounting items and areas involving a risk of material misstatements, including misstatements concerning accounting estimates.

In preparation of our audit for 2025, we have discussed with the executive board the expectations to the financial development for 2025, including the risks relating to company activities. Additionally, we have discussed the risks attached to the financial reporting and the steps taken by the executive board to manage such risks.

Based on this, we have prepared an audit strategy with focus on risk areas. We have not identified any accounting records or areas which in our opinion involve any particular risks of material misstatements and omissions in the annual accounts.

Furthermore, the audit comprised an evaluation as to whether the financial statements meet the regulations on accounting stipulated by Danish legislation and the company's articles of association. In this connection, we have evaluated the accounting policies, the financial estimates made by management, and other information submitted by management.

5. Business procedures and internal control systems

During our audit, we have reviewed the company's registration systems and internal control procedures.

Docusign Envelope ID: 10FA4E31-2A0E-8062-8174-B6A66BC2CA4E

Due to the limited number of staff employed in the company administration, it is not possible to efficiently delegate administrative procedures to more persons. Consequently, internal control is mainly comprised of management supervising and inspecting the operations, the bookkeeping, and the financial reporting.

Due to there being no efficient segregation of procedures and thus no efficient internal control procedures, the management is aware of the risk of intentional or unintentional misstatements occurring in the company's administration and, in turn, resulting in losses. Our audit has not been able to disclose such misstatements with any certainty, because it is either not possible or to a limited extent possible to disclose misstatements occurred, because of the same person holding a handling, recording and inspecting function within the same field.

We have not, in connection with our audit of the financial statements for 2025 disclosed irregularities, but we cannot, as stated, give any assurance that irregularities have not occurred.

6. Formalities in relation to company law

6.1. Management responsibility

During our audit, we have not identified any acts or omissions, which in our opinion cause reason to believe that the members of the management may incur civil or criminal liability.

6.2. Obligation to keep books etc.

In accordance with the provisions of the Danish Companies Act, we have verified that management have fulfilled their obligations in respect of establishing and keeping books, registers, and records, and that the rules for presentation and signing of the audit report have been observed.

7. Other information

In accordance with international auditing standards, we have obtained a management representation letter from the executive board, confirming the completeness of the financial statements.

According to international auditing standards, we are obliged to inform the management about adjustments not made in the financial statements in their present form, as the executive board judges them to be immaterial, individually and in aggregate, to the financial statements as a whole.

This information must be provided in order to ensure that the board of directors has been informed of, and accedes to, the evaluation made by the executive board.

No matters have been identified which have not been incorporated into the financial statements in their present form.

During our audit, we enquired of the executive board as to the risk of the financial statements containing material misstatements due to fraud and whether the executive board has knowledge of any actual or suspected fraud.

The executive board has informed us that, in their opinion, no particular risk of fraud exists and that the company, considering its size and character, has an efficient control environment which will disclose the risk of material misstatements in the financial statements, including misstatements due to fraud.

The executive board has confirmed to us:

Docusign Envelope ID: 10FA4E31-2A0E-8062-8174-B6A66BC2CA4E

- Their responsibility for designing, implementing and maintaining internal control systems to prevent and detect fraud and misstatements

- That they have no knowledge or suspicion of fraud in respect of the company.

By signing this audit report, the board of directors, individually and in aggregate, confirms that members have no knowledge of any actual, suspected or alleged fraud in respect of the company.

During our audit, nothing has come to our attention that indicates or raises suspicion of fraud which might impact on the financial statements.

During our audit, we have enquired of the executive board whether the enterprise complies with the provisions of the General Data Protection Regulation. In this connection, the executive board has informed us that management has considered the General Data Protection Regulation and judges the company to be complying with the provisions of the regulation.
